

06.09.22

Approval for date extension of MEP & Civil Interior Works tender for CRL in DESE/CESE bldg.

The above tender was uploaded on the Dean(IPS) website of IITB and CPPP portal on 28th Jun' 22 for inviting bids from prospective bidders. Pre-bid meeting for the same was held on 5th Jul' 22. Only one bidder had turned up for the meeting and submitted a no. of queries.

For issuing clarification to the queries and in view of the poor response the tender opening date was extended to 2nd Aug' 22. However based on the the clarifications provided, a corrigendum to the tender needs was issued. Accordingly, to provide sufficient time for the bidders to study and respond to the changes in the tender, the tender opening date was extended upto 18th Aug' 22. However only one bid was received till the last date.

Since minimum 3 tenders are required for tender opening and also due to a request received from one vendor to extend the date, since they were interested in quoting for the job and had missed the last date due to shifting and renovation of their office, the tender opening date was extended by another 10 days upto 2nd Sep' 22.

By the due date (2nd Sep' 22) only one more tender was received. In the meanwhile another request from a vendor has been received for extension of tender opening date as they are also interested in quoting for the job. In view of only 2 tenders being received till date, IITB may consider their request and extend the tender opening date upto 16th Sep' 22

ADean II(IPS) / Dean(IPS) may kindly approve the above tender date extension upto 16th Sep' 22.
